

CHOOSE YOUR SHOPPING EXPERIENCE

Our Ski Department is open for the season and we've expanded our services to include several ways to shop with us. We are here 7-days per week for your convenience and our staff is ready to serve you in the safest manner.

Private Shopping: Our store will be **Open by Appointment Only** on **Wednesday** and **Sunday** allowing customers to shop in a safe and less busy environment. We are greatly limiting the number of people in our buildings on these two days so you will receive the best possible service with one-on-one attention. Your time slot is guaranteed and we will be ready for your appointment.

Open Shopping: Our doors open at 10 am to 6 pm on Monday, Tuesday, Thursday, Friday, and 10 am to 5 pm on Saturday. We are still limiting the number of customers in our store to comply with the guidelines of Dane County and the Public Health Department.

Custom Boot Fittings will only be offered by Appointment Only on Wednesday and Sunday.
Please call in advance to schedule your appointment.

Keeping Each Other Safe

Cleaning & Sanitation Standards have always been a top priority and we've taken additional steps to ensure everyone's safety. All staff members wear masks and you will notice our sanitation station when you enter the store. We are well stocked with hand sanitizer, disinfecting wipes and disposable masks. We require all customers wear a mask and sanitize their hands when entering our store. *Thank You.*
