

# PRIVATE SHOPPING EXPERIENCE

---

Our showroom has now re-opened by Appointment Only. Our staff is here every day working on sales, customer service and web-support.

We are answering phones, placing orders and scheduling deliveries. We now offer you a private in-store shopping service giving you complete access to our full range of porch and patio furniture while practicing social distancing and respectful separation.

## **Our Store is Open by Appointment Only**

**Please call in advance to schedule your visit  
and receive our undivided attention.**

**GO THE EXTRA MILE**

### **Keeping Each Other Safe**

Safety & Sanitation Standards have always been a top priority and we've taken additional steps to ensure everyone's safety as we gradually re-open. All staff members will be wearing masks and you will notice our cleaning station when you enter the store. We are well stocked with hand sanitizer, disinfecting wipes, latex gloves and disposable face masks. We strongly recommend all customers wear a mask and we provide them.
